

Homework 3: Multi-Agent Search

Please keep the title of each section and delete examples.

Part I. Implementation (20%):

- Please screenshot your code snippets of **Part 1 ~ Part 4**, and explain your implementation. For example,

```
151      # Begin your code (Part 2)
152      """
153      |       Explained your code here.
154      |       """
155      # Your implementation.
156      # Your implementation.
157      # Your implementation.
158
159      # End your code (Part 2)
```

Part II. Results & Analysis (10%):

- Please screenshot the results. For instance, the result of the **autograder** and any observation of your **evaluation function**.

```
***      10 wins (4 of 4 points)
***      Grading scheme:
***      < 1:  fail
***      >= 1:  1 points
***      >= 4:  2 points
***      >= 7:  3 points
***      >= 10: 4 points
```

```
### Question part4: 10/10 ###
```

```
Finished at 21:31:57
```

```
Provisional grades
